Summer Meals for Children and Families in Polk County

Beginning in June, Tryon UMC will be partnering with seven other local churches to serve children and families in Polk County this summer through the Feed-A-Kid/Summer Meals program. More than 175 children in more than 60 families will be receiving meal packages during the summer months when schools are not in session.

Eight churches in Polk County are partnering together with Outreach to provide food this summer. Please pray for all those who have already worked to organize this effort. Pray for those who will pack the bags and deliver the food. Pray for the families who will be receiving the packages. Many thanks to all who have and will give their time and resources to serve and care for our neighbors.
